Assignment

The science society in your school is celebrating its 4th anniversary next month. You are asked to write about a personal experience of encountering difficulties in your scientific exploration in at least 60 words.

Use the following checklist as a guideline while writing the paragraph. Tick each box after you finish your writing.

The checklist for your writing:
Does the paragraph present my experience well?
Does the paragraph contain concrete details?
Does the paragraph use a variety of vocabulary?
Does the paragraph employ varied sentence structures?
Is the paragraph clear, coherent, and grammatically correct?
